

# Public Agencies Save Time and Money with **MRSC Rosters**

Over 750 public agencies use MRSC Rosters to find eligible bidders using the following three rosters:

- Small Works (construction)
- Consultant (professional & technical services)
- Vendor (goods & services, including maintenance)

Annual membership fee ranges from \$135–\$1,145, based on your agency's five-year average of total capital expenditures.

Developing and maintaining a small works roster is very labor-intensive. Using MRSC's roster helps us stay compliant without all the hassle of having to maintain a roster ourselves.
