Firewood

WA State law requires wood sellers to provide a receipt that includes the following:

- Picture of firewood stacked
• Seller's name and address
• Buyers name and address
• Date of purchase
• Price
• Quantity delivered

When you buy firewood write the seller's phone number of the delivery vehicle; quantity upon which the price is based; and type and quality of the wood.

The legal measure for firewood in Washington is the cord or a fraction of a cord. A cord is 128 cubic feet (8 ft X 8 ft X 4 ft = 128 cubic feet). Sellers may not legitimately use terms such as "truckload," "face cord," "rack" or "pile." These terms have no legal definition and cannot, therefore, be used as a measure for the amount of firewood being sold.
